

THE SADDEST SHIT I EVER HEARD

My old boss told me once that whenever he heard the song "The Boys Are Back in Town" by Thin Lizzy, it made him think of a girlfriend he had in Myrtle Beach who would leave him every spring to sleep with the tourists and then get back together with him in October, and that's the saddest shit I ever heard.

I rarely do the "two kids in a trenchcoat" trick to get into the movies anymore, for two reasons: I'm always the bottom kid because I'm the biggest, and I'm 33.

I was always a big fan of infanticide until I learned what it meant.
I mean it sounds pretty cool, right?

Incensed

There's a guy in town who has the same name I do and smells like bergamot, and every day it's "Ran into Bergamot Dave the other day. He smelled lovely. He says hello." I hate that guy!

One thing I hate seeing is a kid with a phone, unless it's a big fat kid with a real small phone, just mashin' away.

As feminine as yoga may be, it's one of the last ways a good man can learn to bite his own toenails.

If my apartment allowed pets, I'd probably get a genie. Sure, they sometimes misinterpret your wishes out of spite, but boy do they fit in small lamps!

At the Washington Post, they believe in democracy dies in darkness, which is why their news is behind a chain-link paywall to let light in.

If I Were an 8yo Girl for a Day: A Poem

If I were an 8-year-old girl for a day
I would stir up all manner of trouble

I'd tell Jenny she's ugly,

just for the fun,

and show everyone Kyle's snout bubble

I'd make sure my outfit was cute just like me

And I'd sing to the new Taylor Swift

"You're singing it wrong," I'd sharply decree

To my stupid friend who's singing with

"Your singing is flat, your hair is a mess,

And you certainly don't know the words!

Quite frankly, Miss Sarah, we've all talked it out

And we think that you're for the birds

Don't take it so hard, you can go sit with Esther;

She's only a little bit farty.

And oh, by the way, just one more thing:

Plan on skipping my next birthday party."

How it would be great, to be only 8,

In the form of a mean little girl

To be a little bitch with a daddy who's rich

Is the next thing to owning the world.

For what it's worth,

getting hissed at by a

cat is a great thrill.

And cheap!

Sweaters are a lot like underpants.

If you have enough and don't cum

on them, they never need to be

washed.

Anybody can beg to differ.

It takes a real man to go

ahead and do it.

Kids today will never

appreciate that before VPNs,

you had to wear a hoodie to

Blockbuster.

LETTER TO THE EDITOR: An End to the B Word

Ok, let's get this out of the way. I'm a baby. I like milky. I go poo poo in my pants. But that's not all I am. I'm a patron of public art (Sesame Street), a music buff ("Twinkle Twinkle Little Star" and "90 Minutes of Womb Sounds to Relax Your Baby - Compilation" are a couple of my favorite records), and I'm a big boy who doesn't even want his binky anymore.

Surprised? Then you're part of the problem.

This is our America too. And it's about time we babies pose some uncomfortable questions for all of you BERF's out there: (Baby Exclusionary Ridiculous Fools).

Why do department store Santas have to be so scary? Why have prescription pill bottles, in Jim Crow-like fashion, been sealed with so called child "safety" lids? Do you fear that your medicines could make us more powerful? Why has regressive language against our people been woven so inextricably into the public lexicon? I can't tell you how many "progressives" I've heard use harmful slang such as "goo-goo gaa-gaa" or "crybaby". And for God's sake, when will Nickelodeon decry "Rugrats" for the unrealistic tripe it is and disown their malicious erasure of talented baby voice actors with babyface casting?

These questions have gone unanswered for far too long; any longer, and we're going to start getting fussy.

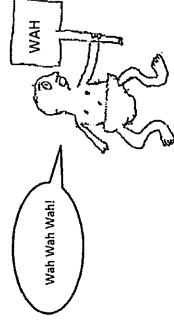

As Dr. King once said, "If you can't fly then run, if you can't run then walk, if you can't walk then crawl, but whatever you do you have to keep moving forward." Well, crawl is just what I intend to do, as does every member of my organization, Disenfranchised Infants and Persons in Early Years, (DIAPEY) as we spread our message to tots and toddlers in nurseries and playrooms from Wabash to Wichita.

Some have called our crusade "unrealistic", or "hilarious", or "adorable". And they're entitled to their opinion. But we're entitled to our own means of resistance. We're entitled to scream at the top of our lungs for a 7 hour flight. We're entitled to spit up in your lap or pull your dog's tail without facing consequences.

Why won't we face consequences?

Because we're babies. And playtime is over.

Excerpt from "The Sound of Murfree"

MARIA [singing]:

Weird balding ugly dudes selling their stashes
Car trays and bar tables littered with ashes
A massive landfill that reeks every spring
These are just a few Murfreeboro things

When I leave here, life's a bit queer,

And I'm feeling sad

I'll simply remember Murfreeboro things

And then I won't feel so bad

A CURE FOR PREMARITAL SEX?

These Grooves Will Render Your Rut "Undone"

Firstly, to those reading this, congratulations on the sex! As zine editors, we can only imagine the fun you had, with the gyrations and the heavy breathing and what have you. Very cool!

But it's not our beady little eyes you're worried about, it's the eyes of the Lord! Well worry not, my horny little lambs, because not all who wander are lost, and science says the path back to purity lies through... rock music?

Our nation's only overpaid scientists have discovered that, despite wielding the same electric bombast and underdeveloped worldview as their peers, the music of the rock band Weezer possesses "deeply virginal" qualities to a degree that purges the listener of any effects of - or capacity for - having sex.

We never thought it was possible, but all of God's most hated creations - science, premarital sex, and Rivers Cuomo - have united for a most blessed cause. Dance your backseat boogies worry-free, young sinners, and let the excruciatingly whiny sounds of "Pinkerton" or "The Blue Album" renew your purity.

See you in Heaven, lovebirds!

FAST TIMES

Why were girls so attracted to the fast boys in elementary school? At any moment you could be asked to prove your pace, under heavy scrutiny from your gal pal. This was pre-Columbine, mind you. I used to sit there during three-digit multiplication or whatever such rot and think "boy, the only thing that would make this worse would be if some ugly white right-wing 17-23-year-old man with military equipment came in here and blew me to bits," but it never, ever happened. Simpler times! So being fast just meant he got to the next girl sooner, *Stephanie*.

There once was a mayor named Shane
Whose hair had started to wane.
He talked kind of funny
And made lots of money;
Most on account of his reign.

Pot sniffing dogs in states with recreational marijuana are a lot like humanities students. They should've studied something useful if they wanted a real job.

ASK FARTY

DEAR FARTY: Recently, one of the girls at church who is known for her subpar casserole dishes and general snobbery told me I was, "the salt of the earth." Should I be offended? Surely she isn't making fun of MY cooking! - BESMIRCHED AT CHURCH

DEAR BESMIRCHED: Jesus said in his Sermon on the Mount that the working class were the salt of the earth. This is because, at the time, salt was more valuable than even gold. The working class are still the salt of the earth, but now it's because they're so abundant and full of iodine.

A CURE FOR HIV?

Hey, me again. That Weezer thing should work, right? Just spitballing here but I think it said it like erases the sex or whatever, yeah? Look, you gotta help me.

Disney OFF Ice

The Walt Disney Company has recently reanimated their founder's cryogenically frozen head and removed him from his resting place of over fifty years under Disneyland's Pirates of the Caribbean ride. Over 1,000 lucky children packed into the Fantasyland Theatre to hear the cartoon pioneer's disembodied head make its first public address since Walt's untimely 1957 death. Moments after the cloth was removed from the brine jar in which the magnate's head is being preserved, the audience of children erupted into a cacophony of, "Oh my Gods," "Help me mommy's," and "AHHH AHHH AHHHHHs." Two children were trampled to death in the race for the exit and one is said to be in critical condition. When asked for comment, a representative of the Walt Disney Company stated they will be working to heal Mr. Disney's open sores and greenish hue prior to his next public appearance.
