

Lunch Box Love

I couldn't afford to send my daughter to an SEC school, so I just taped a RAPE ME sign to her back.

Bologna is the best lunch meat because you can enjoy the taste of three meats in every bite. I call it the holy trinity of meats. Why pay for a club sandwich when you can have beef, chicken, and pork all wrapped up into one slice? In fact, the more meats they put in bologna, the cheaper it gets! What a deal!

WOWH NELLY

The easiest way to get someone obsessed with you is to give them something they don't usually get. For men, that's validation. For women, that's orgasms.

I would say that I've really wanted to have perhaps 12% of the orgasms in my life, and the rest were because I was bored, and that one Nelly music video was on. Similarly, women welcome about 12% of the attention they receive, and the rest is from Nelly's entourage.

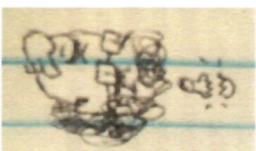

Guess the video and win a prize!

For women's history month this year, the makers of Scrub Daddy decided to make a pink version and call it Scrub Mommy. Normally I don't think of myself as a very perverted or misogynistic person, but never did I consider putting my member in the yellow one's mouth.

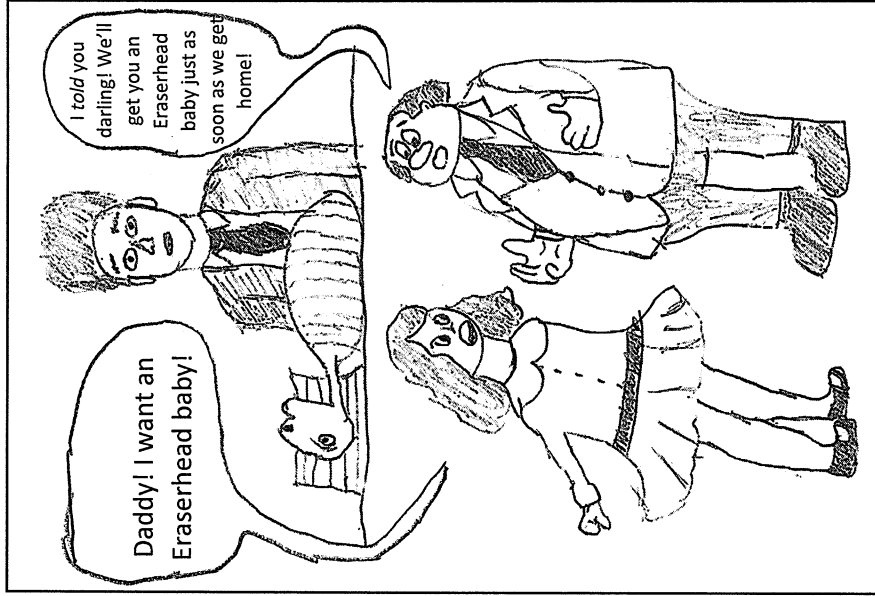

I never gave a shit that Lance Armstrong cheated but can relate to people's betrayal because a friend of mine lost a lot of weight and then revealed he got gastric bypass surgery. Fuck you, cheater. You'd be fat if you could.

CROCODILE DANDY

Sending your Rolex to Taiwan is like sending your daughter to an SEC school: you talk a big game about how she's your everything, but you're clearly not that worried about her.

I've been doing Romanian deadlifts as part of my lifting routine. Who knew other people's wallets are so heavy in Romania!

My daughter told me "Daddy, I've narrowed it down to King AbdulAziz University in Jeddah or Louisiana State." I said "well, no daughter of mine is going to school where they treat women that way. Let's get you a passport."

Whiteness in this country can only be earned though boxing. No minority ever got any respect in the USA until they learned to box. Irish, Italian, Latino, the list goes on. And you can't cheat *cough* Jeremy Lin *cough* Boxing only.

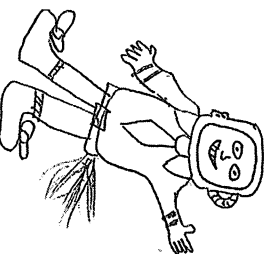

Garrison Keillor UNDERGROUND

JUST ANNOUNCED: Garrison Keillor, of *Prairie Home Companion* fame, will be bringing his solo show to the Cumberland Caverns in Pelham, TN. This venue was carefully chosen to accommodate Keillor's not so recent cancellation which was apparently so bad he can no longer perform unless it's literally underground. Other Middle Tennessee venues considered included the Basement, the Basement East, and MTSU's fallout shelter. Taking into consideration Keillor's near supernatural ability to lull every human within a five-mile radius to sleep, promoters chose the Cumberland Caverns due to its remote location. There are only three men in recorded history who have been observed to have this power: Garrison Keillor, Dick Cavett, and Henry Louis Gates Jr.

Shortly after the debut of the new Lord of the Rings TV show, I read they are trying to reboot Harry Potter as a seven season TV series on HBO. I am so sick of these reboots. I think if they are going to keep rebooting everything, they should have to do it the old-fashioned way: by making all the characters cartoon babies.

Top Five Reasons Senator Mark Kelly Misses Being in Space

1. Using hush money from moon creatures as campaign funds
2. "Mooning" people. It means something different up there!
3. Pranking rookies with the fake passenger eject button
4. Can't fake a bad signal to get out of talking to elementary schools anymore
5. Free inflight peanuts

ASK FARTY

DEAR FARTY: What is the meaning of these "Don't tread on me" license plates? A lot of my friends have them, but I don't know any of them to be passionate about snakes. - TREADING LIGHTLY

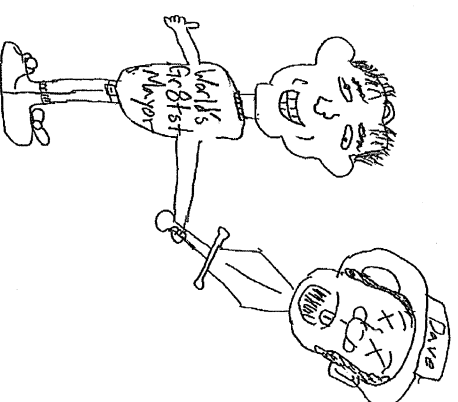

DEAR TREADING LIGHTLY: Then, as now, it represents white men who feel hard-done-by because the society from which they've benefitted wants something in return. Henry Gadsden at least lived under an oppressive regime. Anyone who flies one now hasn't been trod upon since 4th grade, and anyone who has one on their license plate pays the state \$96.50 a year for the privilege, which is of course totally different from paying taxes."

The REAL Reason Murfreesboro Lost Uncle Dave Macon Days

After last year's move from Cammonsburgh to the Fountains at Gateway, Uncle Dave Macon Days will no longer be held in Murfreesboro and has found a new home in Shelbyville at the Walking Horse Grounds.

This is another devastating blow to Murfreesboro's culture after 2023 saw the temporary cancellation, and eventual move to the Fountains at Gateway, of the Main Street Jazz Festival. The square's loss of Jazz Fest was due to a decision by Main Street Murfreesboro Executive Director, Sarah "Full" Callender, who claims she and her organization are much too busy to put on a two-day festival. They would much rather keep it simple with their weekly farmers markets and monthly Friday Night Live concerts. Callender also reported that the jazz fest was bad for local business, blocking their access due to a lack of parking. Apparently, nobody told Callender about the recent (2017) parking garage on Maple Street and she hasn't actually been to the square recently enough to see it herself, like a Catholic who says "and also with you."

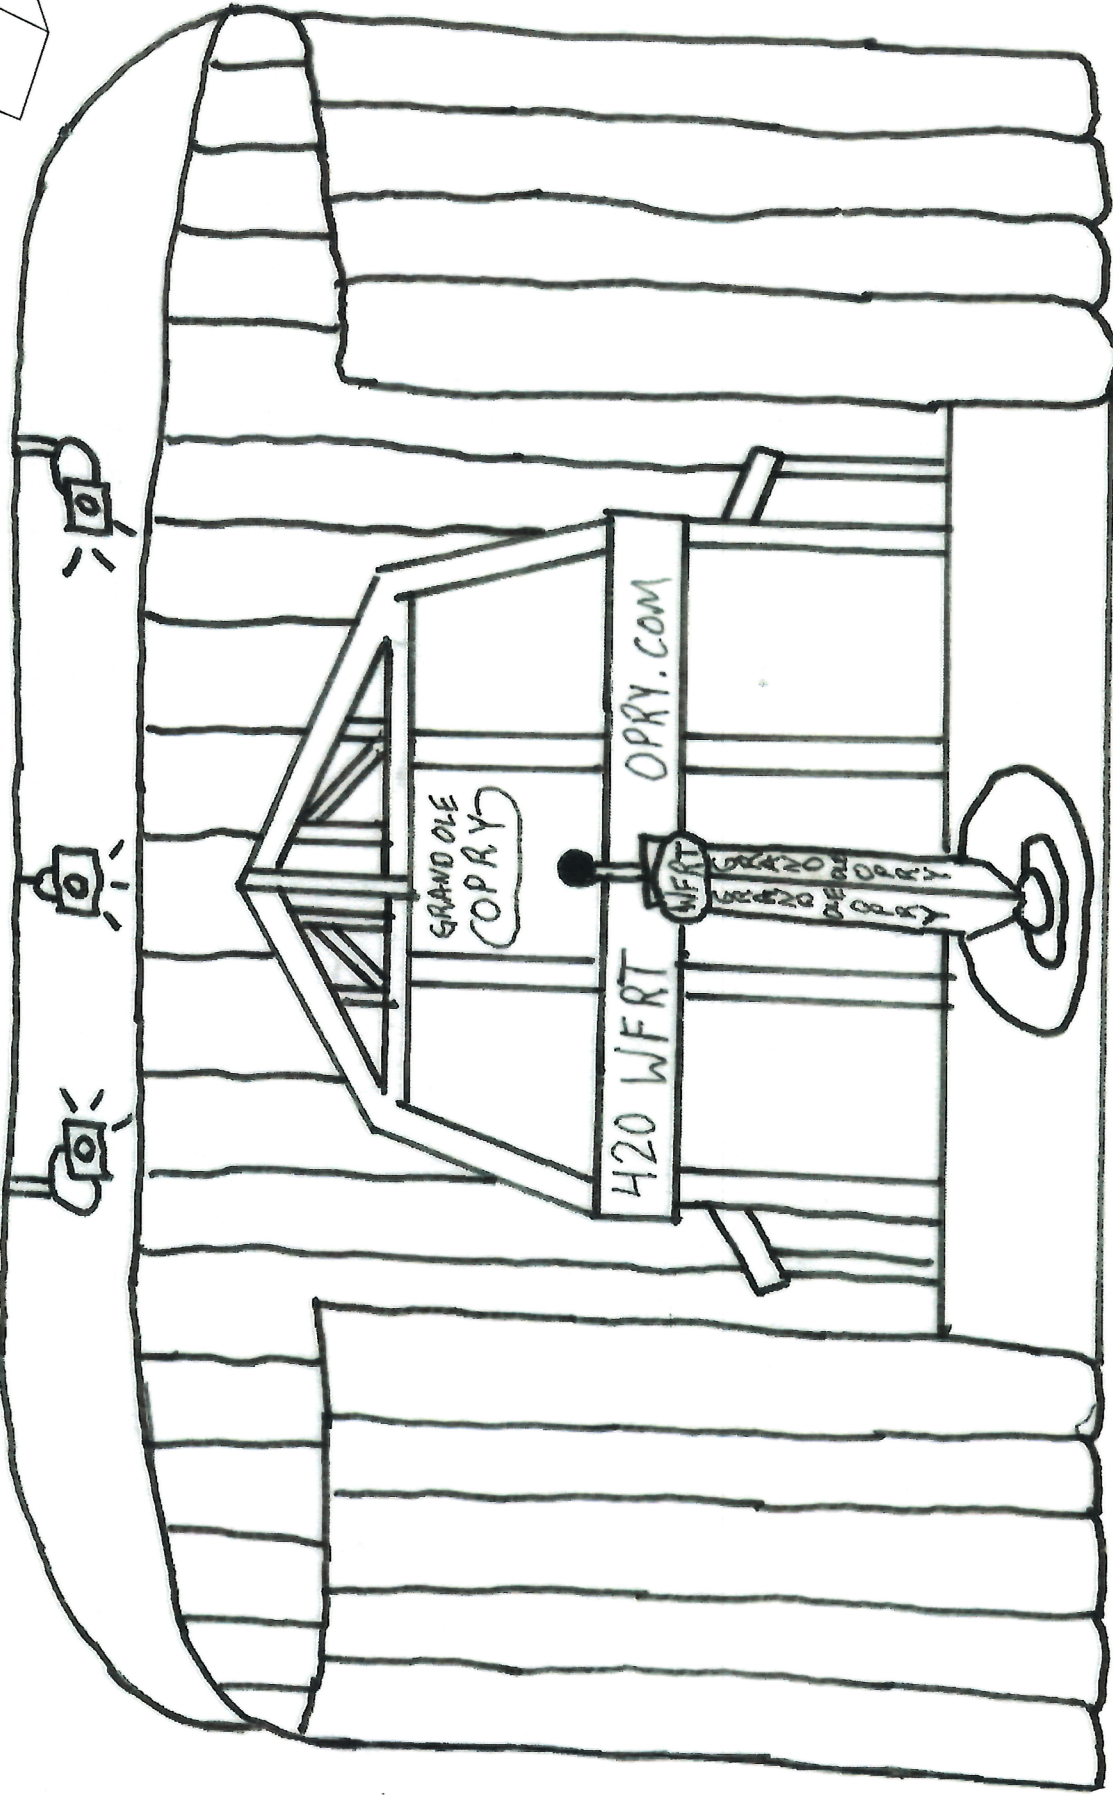

As for why Uncle Dave Macon Days has made the switch, organizers reported they wanted to appeal to a wider audience. When reached for comment, Uncle Dave Macon IV reported that they have no audience in town anymore, saying, "This town's gotten a little too 'woke' for Pappy's music. The folks at Parks and Rec was tellin' us what songs we could play and cut out half of Pappy's catalog. I told em folks if we couldn't sing pappy's hits, "Pickaninny Lullaby," "Gayest Old Dude in Town," or "Run N***** Run" no more, we was gonna take our money some place a little more friendly to our values like Shelby. It's the last damn place you can say what you feel and torture a horse while you do it." Murfreesboro is sad to see the festival go.

What attraction has people from all over flocking to Middle Tennessee?

Here we go with another shamelessly stolen bit, the first (and maybe last)
