Farts Anonymous Remembers OJ

Inspired by OJ's book
If I Did It, Billy Joel
has released his
book, *If I Sucked*.

They say Nicole Brown Simpson had a successful career modeling before she ever met OJ. I just wanna know where all the damn pictures of her modeling for Victoria's Secret are. Anytime I look for them, all I can find are pictures of her disembodied head, the dead waiter, and that damn glove. Talk about a woman's career being overshadowed by her husband's!

Tubi is showing "OJ: How He
REALLY Did It."
With a knife stupid!

Every time I see a photo of
Ron Goldman I think,
"Yeah I could see someone
wanting to kill that guy."

What do you think Balto would be doing if he was still alive?
I think he'd be licking his own dick.

A Joke Justin's Dead Dad Told Him So You'd Better Laugh

A man is driving through the New Mexico desert and stops at a gas station. When he goes inside to pay, he sees an old Hopi man sitting in the corner. "What's up with the Indian?", he asks the clerk.

"Oh, that guy is amazing!" the clerk replied enthusiastically. "He's never forgotten anything. Ask him any minor detail about his life and he knows it."

Intrigued, the man goes up to the elderly Hopi and asks, "What did you have for breakfast on December 6th, 1967?"

The elder reflects for a moment and replies, "Eggs."

The man leaves unimpressed. 25 years later, he's driving through the same desert and sees the same gas station. Remembering the old man, he pulls in. To his surprise, the Hopi man is still alive! Smiling, he walks up, waves, and says "Háu!"

The Hopi replies, "Scrambled."

Biden calls on Netanyahu to stop civilian casualties. PM Netanyahu agrees to discontinue use of Child annihilator torpedo 2000 in favor of much less devastating infant imploder which proved to kill nearly 50% less babies in recent test runs conducted in the Gaza Strip.

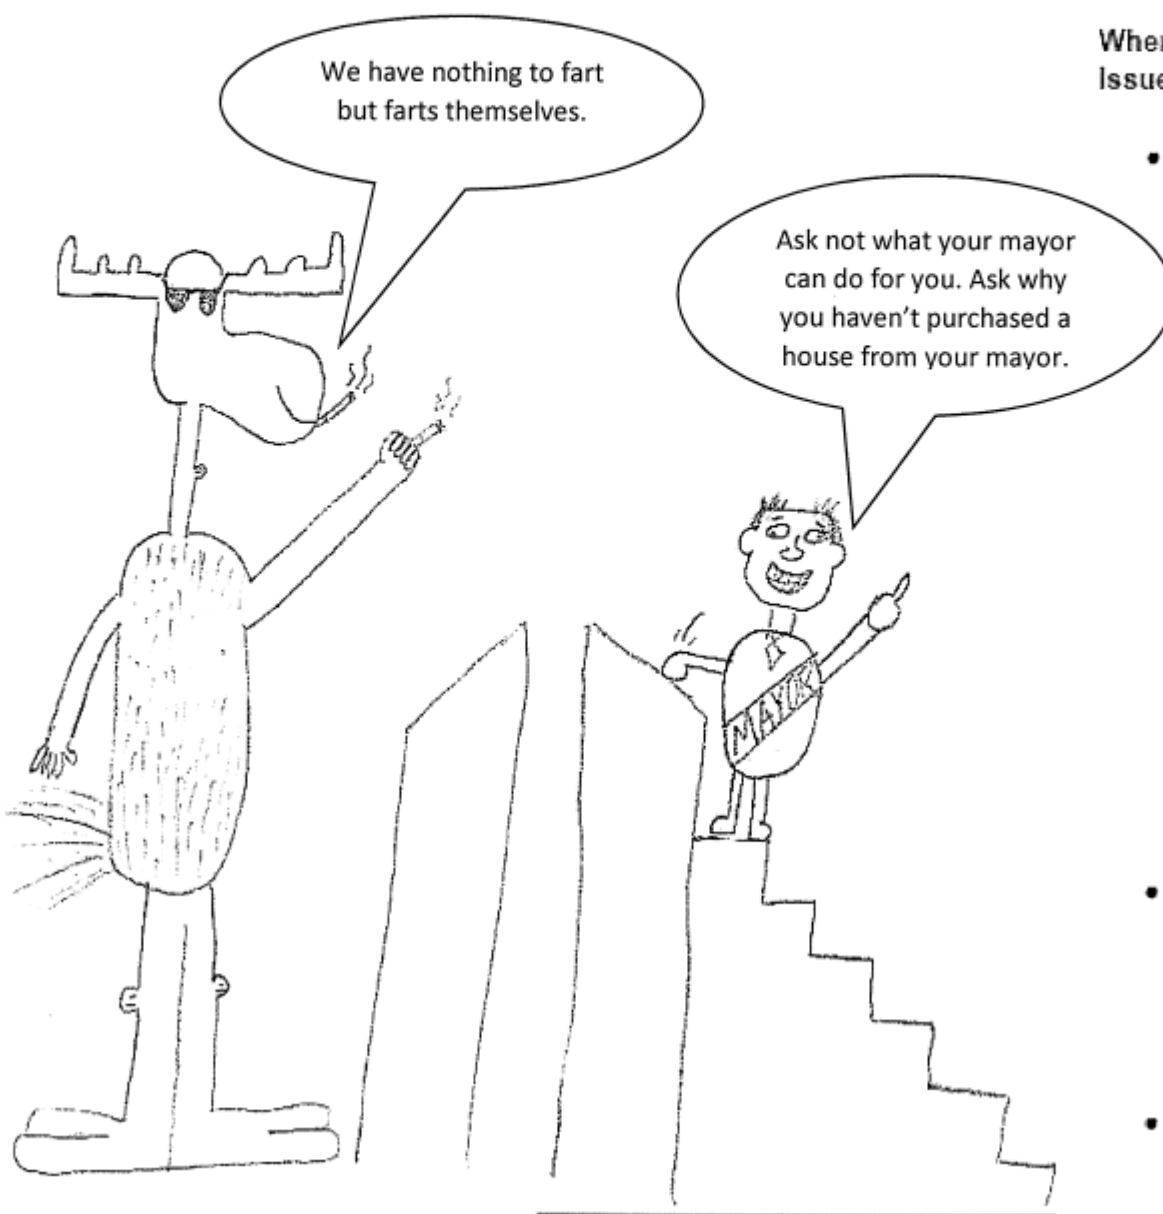

Reuters reports record 300 applications for job assignment locating and interviewing cartels in El Salvador. Over 275 applicants are journalists stationed in Israel looking for a safer assignment.

MAYOR VS THE MOOSE

At a recent City Council meeting, Mayor McFarland announced that he will be launching his campaign for president in the 2024 election. After hearing the news, *Fart Anonymous'* own Marty the Farts Anonymoose used his three minutes of by-right public comment time to announce his impromptu candidacy against McFarland. Marty was unable to develop or announce his agenda before his three minutes of by-right speaking time elapsed. As a public service provided to you by *Farts Anonymous*, you can see highlights of both candidates' stances on hard hitting issues below.

Where Marty Falls on the Issues:

- Will establish a program to teach children cardinal directions by building a Toot's on every side of town in every city in America.
- Will build high-rise apartments on the east and west sides of every town to keep the sun out of drivers' eyes.
- "Immigration is a big, maybe even the biggest problem my people face these days. When Smyrna sends its people, they're not sending their best. They're not tipping. They're leaving carts in the Kroger parking lot. But some, I assume, are good people."
- Promises to require cities to extend citizens' three minutes of by-right speaking time at City Council meetings when necessary.

Where McFarland Falls on the Issues:

- Will abandon the backwards Arabic numeral system in favor of my new, "Christian Numerals." The number 1 will be represented by God, for He is the One. The number 2 will be represented by Jesus, for He, t[o]o, is the One. The number 3 will be represented by the Holy Ghost, because of the Holy Trinity. The number 4 will be represented by the Arabic numeral 7, but it's not, it's a Christian number and it's 4. It's like the Braves and Alabama. You just have to know.
- "During my time as mayor I have ushered in a new skate park and a giant gaping hole downtown. Are these the same project? Oh Lord no!"
- Promises to promise more parks!

The place was so shitty and boring 200
years ago that everybody left!

The problem with conservatives is that even when they have a good idea, like hanging Mike Pence, it's for the wrong reasons.

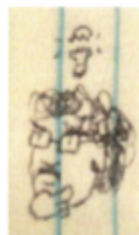

Divine Intervention

Jacob Collier is one of the most talented musicians of our time. He can play almost any instrument and recorded one of the most musically complex albums of the last decade entirely within his childhood bedroom. His deep understanding of music theory and novel use of harmonics is unrivaled in pop music. His savant-like talent has gained him six Grammys before the age of 30, but it's just too bad all his music sounds like dog shit.
